

Alberta Mounted Shooters Association 2024 Spring Riding Challenge

Hello from the Alberta Mounted Shooters Association,

We are launching the AMSA Spring Riding Challenge this month. Our goal is to encourage and challenge riders from all disciplines to start working with their horses in the transition period between winter and spring.

Starting March 1st AMSA will collect participant riding logs each week, until May 15th. We will continually post standings on our website and social media. Once riders have hit their 15-ride goal, they are qualified for prizes and awards.

Currently we are collecting small donations and prizes to reward participants. We are reaching out to small businesses and individuals to sponsor this challenge. In return for your sponsorship, Alberta Mounted Shooters Association will ensure that your company is highlighted on our website, social media pages and brochures.

If you have any questions regarding this exciting opportunity, please contact us for further information. This challenge is open to all, and we welcome your participation.

Thank you!
